Returns of Prisoners.

(2)

The state of the Jails of the Province is very unsatisfactory. They are over crowded, and very unhealthy, and the death rate is high

The overcrowding almost entirely due to the great influx of persons convicted, in the past year, of robbery & plain, & other offences against property. Many of these were persons not given to lawlessness, but driven by great straits, caused by the famine to commit robbery & theft

It was proved necessary what that famine pressed, and what crime in consequence was so rife that the bands of society were loosed

to bring to trial, to convict, and to
imprison such offenders. It was the
only possible deterrent course. But
it seems to be just and wise, now
to take steps for remitting a portion
of the sentences on such offenders, so
far as this may be done without
public injury, and with benefit to
the offenders concerned. It is the
more incumbent on us to take this
course when the sanitary conditions
of our jails, and the physical condi-
tion of the prisoners referred to, are
considered
as a first step I propose to direct
the release of ten per cent of the
prisoners on 26th inst, the date

fixed for the marriage of H. H. the
M. R. of Mysore These prisoners should
be mainly persons convicted of
grain or other robbery, during the
famine, unattended by any circum
stance of aggravation The ryot
class should be principally selected
and persons of such physique as
may be reasonably held to be capa
ble of some labor in their fields
The offence as above stated must
have been unaccompanied by
any aggravating feature: and
the sentence must not have exceeded
four years nor one imprisonment,
one convicted of an offence
of no ~~crime~~ of serious turpitude, viz
as datura or other poisoning
should on any account be liberal

under the operation of this order
I do not unconditionally restrict the release
on the 26th inst to those convicted of
offences during the storm of famine.
In exceptional cases, where a convict
has been any long in Jail and has
been uniformly well conducted or
has distinguished himself by some
special act of merit, he may be
regarded as entitled to release pro
vided the unexpired portion of his
sentence shall not exceed one year.
By the date named, 26th May, or
shortly after we may hope from the
fall of rain, that agricultural pros
pects may have greatly improved,
and that the return of prisoners

of the class mainly affected, to their
villages will be of advantage to them
& to the country. The release of such pri-
soners will be unconditional. whom
apart from the ten per cent ~~to which~~ it
is proposed to release unconditionally on 26th inst, I
propose further to release an additional
ten per cent on certain conditions
These should also be for the most part
persons convicted of offences under the
pressure of famine, but whose release
unconditionally at this time may
be undesirable, with reference to
their physical condition, or to their
probable means of livelihood at
their own homes. The distress has
not entirely disappeared, and

it would be obviously improper to send to their homes prisoners physically unfit to earn their living, or those without means of livelihood for such men would suffer, & perhaps perish or be driven again to crime.

At the same time, there may be many of those who are in a low state of health, and on whom the depressing of imprisonment is acting severely personally - who may be able to do a little work, and who may greatly improve in mental vigour and bodily condition, under suitable work performed in a state approaching to free freedom I propose to

direct the careful
selection such prisoners, and to send
them to work at suitable places on
the Railway, or other public works,
under the immediate supervision of
a responsible chief officer. The pris-
oners should be kept in a separate
but within inner
should be regarded, as
group
free labourers receiving pay for their
work and required to work in pro-
portion to their physical powers.
The conditions on which they should classify
understand, on which their own
final release is based, and that
they shall work at a particular
place, or on a particular work, for
a specified time, say from 3
6 months, with reference to their

unexpired sentences and that for such
period they shall not without permission
leave the locality where they have agreed
to work. The Government may be induced
with small gangs of Kaffirs at a time
in the first instance. There would be
no guards or other restraint, but
one or two men employed merely to
see that is required to residence &c
the conditions of the pardon are ob
served — I shall be glad if the / C
will give the necessary orders for carry
ing out these proposals to the full ex
tent contained: for warning lists
of those whom it is proposed to release
absolutely & conditionally, for my
formal sanction H.G. 5/5.

Sir,

I have the honor, by desire of the Chief Commissioner to communicate to you the following remarks relative to the release of prisoners

2. Mr Gordon remarks that the state of the jails of the Province is very unsatisfactory. They are overcrowded, and very unhealthy, and the death rate is high. The overcrowding, it is observed, is almost entirely due to the great influx of persons convicted, in the past year, of robbery of grain and other offences against pro-

perty

society. Many of these were persons, not given to lawlessness, but driven by great distress, caused by the famine, to commit robbery & theft -

3. It was of course necessary whilst famine prevailed, and whilst Crime in consequence was so rife, that the hands of society were loosed to bring to trial, to convict, and to imprison such offenders. It was the only possible deterrent course, but it seems to the Chief Council to be just and wise, now to take steps for remitting a portion of the sentence on such offenders, so far as this may be done without public injury, and with benefit to the offenders concerned. - It is the more incumbent on the State to take this

as above stated,
must have been ac-
-companied by any
aggravating feature
and the sentence
must not have ex-
-ceeded four years
rigorous imprison-
-ment, no one con-
-victed of an offence
of serious turpitude,
such as dacoity or
other plundering should
on any account be
liberated under the
operation of this
Order.

5. The Chief Commr.
does not necessarily
restrict the release
on the 26th instant
to those convicted of
offences during the
stress of famine.
In exceptional cases,
where a convict has
been very long in
Jail, and has been
~~uniformly~~ uniformly well
conducted, or has dis-
-tinguished himself
by some special act
of merit, he may be
regarded

this Council when the sanitary Conditions of the jails in the Province, and the physical Conditions of the prisoners reported to, are considered.

4. As a first step towards this measure the Chief Commissioner proposes to direct the release of 10 per cent of the prisoners on the 24th instant, the date fixed for the marriage of H. H. the Maharajah of Cashmere. These prisoners should be mainly persons convicted of grain or other robbery, during the famine, unattended by any circumstance of aggravation. The 1st class should be principally selected and persons of such physique as may be reasonably held to be capable of some labor in their fields. The Offence

as

regarded as entitled to release, provided the unexpired portion of his sentence shall not exceed one year.

6. By the date mentioned, 26th May, or shortly after, it may be hoped from the fall of rain that Agricultural prospects will have greatly improved & that the return of prisoners of the class primarily affected, to their villages, will be of advantage to them and to the Country. The release of such prisoners could be recommended.

Apart from the 10 per cent, which it is proposed to release unconditionally on the 26th instant, and the three former further proposes to release one additional 10 per cent on certain Conditions specified in [redacted]

of this Communication.

4. These should also be for the most part persons convicted of Offences under the pressure of famine but whose release unconditionally at this time may be considerable, with respect to their physical condition or to their probable means of livelihood at their own homes. The Section has not entirely disappeared, and it would be obviously improper to send to their homes persons physically unfit to earn their living or those without means of livelihood for such men would suffer, and perhaps perish, or be driven again to crime.

5. At the same time, there may be many of these who are in a low state of health, and

on

on whom the depressing
of imprisonment is
acting very injuriously
-ly - who may be
able to do a little
work, and who may
greatly improve in
mental spirit and
bodily Condition,
under such work
performed in a state
of comparative free-
-dom. The Chief
Commissioner proposes
to direct the careful
selection of such
prisoners and to send
them to work at
suitable places on
the Railway, or
other public work
under the immediate
supervision of a res-
-ponsible relief Officer
The prisoners should
be kept in a separate
gang but should be
regarded in other
respects as free laborers,
receiving pay for
their work and
required to work in
proportion to their
physical

religious powers and they will be suitably assisted by the Relig Officer

VII. The conditions which they should clearly understand on which their eventual release is based, are that they will work at a particular place, or on a particular work for a specified time, say from 3 to 6 months with reference to their specified sentence and that for such period they shall not without permission leave the locality where they have agreed to work.

The Experiment may be tried with small gangs of 50 at a time in the first instance. There would be no guards or other restraint, but one or two men employed merely to see that in regard to residence etc. the conditions of the

Warden

pardons are observed.

I.S. The Chief Commissioners will be glad if you will issue the necessary orders for carrying out the above proposals to the Jail Officers concerned; forwarding to this Office, lists of those whom it is proposed to release absolutely and conditionally for his formal sanction.

Public.

Sir,

With reference to my confidential letter No. 34/1679, dated the 19th ultimo, I am directed to forward three lists received from the Superintendent of Port Blair and the Nicobars of life-convicts selected for release on the 1st January next in celebration of the assumption by Her Majesty the Queen of the Title of Empress of India; and I am to request that the Government of India may be furnished at as early a date as possible with your opinion ——————————— as to whether there is any objection to the release of any one of the prisoners belonging to Mysore and Coorg.

2. In some cases, *e. g.*, No. 13 of list I, and Nos. 49, 57, 92, 97, 117 to 123 and 125 of list II, it appears to the Government of India doubtful whether the men should be released.

My dear Clarke

I think it desirable to reply in this form, to your very confidential communication on the subject of the proposed release of prisoners on 1st January next.

2. In answer to the inquiry contained in your General No 7462 / Docket 811 } 1876-77 dated 30th October 1876 I have to inform you that there is not in Confinement in Mysore or Coorg any leader of revolt in 1857.

3. In reply to your letter Genl No 7456 / Genl " 1242 } 1876-77 dated 30th Oct. 1876 I have to make the following remarks

In his letter No 8/1674

73

dated Simla, 19th Oct. 1876, the Secretary to the Govt. of India in the Home Dept refers to the cases of prisoners deported from Mysore & Coorg, who have been at Port Blair for fourteen years and who have been twenty years in confinement altogether. The list required should contain, therefore, only the names of such deported prisoners from Mysore & Coorg, who may have been convicted & sentenced on or before the year 1856. My records go back to the year 1834, and I have Examined with the aid of Dr. Henderson, the cases of all deported prisoners between that year (1834) and the former year mentioned (1856) The list I enclose, comprising the names of 49 persons, embraces those deported

prisoners whose release & return to Society now are not, in my judgment, barred by the nature of their Offences. I have excluded the names of others guilty of Murder, Thuggee, Dacoity attended with wounding or other aggravating circ

The list has been carefully prepared to the best of my judgment; but it is very unsatisfactory in some respects. It includes only of those convicted in or before 1856. That was the year in which Port Blair was established. and it was only subsequent to that year, that Port Blair was made a Penal Settlement (I believe) It may be therefore that the convicts named in my statement accompanying have never been sent to Port Blair we do not know where they were sent.

Nor

do we know whether they be alive or not
Probably many of them are long since
dead. In those days convicts sentenced
to transportation for life were sent to
Madras, and their place of confinement
beyond seas Singapore, the Nicobars or
Prince of Wales Island was then determined.
We could doubtless ascertain by reference
to Madras; to Madras in course of time,
the destination & the fate of these convicts -
but time does not permit, and the
returns which the Supt. of Port Blair will
simultaneously submit to the Govt of
India, will be those on which action
can only with reliance be taken

Such as it is, however, I send the
Enclosed statement for the Chief
Commissioners information.

Sir,

I am directed by the Chief Comr to acknowledge the receipt of your Confidential letter No 8-1679 of 19 Oct and to say that the case will be duly attended to.

I am also directed by the Chief Comr to request that a list of persons deported from Mysore and Coorg ~~transported to Transportation beyond seas~~ between the years 1834 and 1856.

2. The list comprises the names of 49 persons, and embraces those deported principally those whose release or return to society now is not, in the opinion of the Chief Comr, barred by the nature of their offences. From it has been excluded the names of those guilty of murder, thuggee, and dacoity attended with wounding or other aggravating circumstances.

3. The list which has been carefully prepared by the

Andaman Convicts. Details
only of those Convicted in

lished, and it was only

tlement. No Convicts named
in any Return has ever
been sent to Port Blair,

were sent to, or whether
they are alive or dead.

In these Days Convicts
~~Sentenced~~ sentenced to Trans-
portation for life were
sent to Andaman and their
place of Confinement

determined. ~~Then death~~

My dear Cole.

I received from M. Saunders this morning the enclosed letter and 3 lists of prisoners proposed for release, by the Supt of Port Blair, on 1st January next. I have examined them. List No 1 contains no prisoners from Mysore & Coorg. — List No 2 contains the name of one prisoner from Mysore. No 132, Munnirgah, sentenced to transportation for life, on conviction of the offence of Murder by poison, on august 28. 1858 The previous instructions on this subject from the Govt. of India limited the proposal to the cases of convicts who had been 20 years in confinement, and 14 years

at Port Blair. This prisoners case, it will be observed, does not fall within these conditions. Apart from that, I strongly object to his release. His was a very bad case. He was hired to poison certain persons, in order that they should not appear to defend a civil suit for a considerable amount. He did poison them, and three persons, a man & two women, died. He was sentenced to death; but his sentence was commuted on condition that he brought some proof against the instigators of the crime. —

Mut 3. (Females) contains two Mysore convicts.

(1) Bunnoobee alias Mummaybee No 33. The crime was child Murder. There were

extenuating circ and you will find them
named in the list of those already forwarded
by me as fitting objects for release.

(2). Mackee (not Mckee) convicted on May 1. 1855
of Murder of her husband. I object to this
prisoners release. She deliberately poisoned
her husband, in order that she might live
uninterruptedly with her paramour. —

I think it may be questioned whether it is
wise or just to release any persons, on this
occasion, convicted of deliberate Murder.
But cases of murder by poison, appear to
me to be specially placed beyond the pale
of clemency. The return to society of such
criminals seems to me to be full of danger
There appear to me to be very many cases
of atrocity and Murder with bad motive
or aggravating circ in these lists, the

persons concerned in which are dangerous characters. It does not seem to me doubtful whether such men should be released, but quite clear that they should not be.

Believe me

Yrs very sincerely
